# PEDI-HOPE 10TH ANNIVERSARY CONFERENCE LOOKING TO THE FUTURE

## MULTIDIMENSIONAL APPROACHES TO PEDIATRIC PALLIATIVE CARE

Join us in beautiful League City, Texas as we gather with many of Texas' - and the nation's - most noted practitioners of pediatric palliative care for the annual conference of the Texas Pediatric Palliative Care Consortium. Our program focuses on the needs of children with life-limiting conditions and is designed to enable healthcare professionals to be better prepared, confident, and equipped to provide the best quality of life possible for children and their families. Pedi-HOPE 2018 is jointly provided by Texas Children's Hospital and Texas Pediatric Palliative Care Consortium.

**9:30 - 12:30pm**      **MORNING SESSIONS**

**PRECONFERENCE A: Brothers and Sisters of Children with Serious Illnesses: Unique Concerns, Unique Opportunities** - Don Meyer, EdD

\*PRECONFERENCE A is designed to be a full day learning session, however participants can register for either the morning or afternoon session individually.

**PART 1\*** *Siblings are often the silent sufferers in families with seriously ill children or those with special health care needs. The Sibling Support Project is a national effort dedicated to the life-long concerns of brothers and sisters of people who have special health, developmental, or mental health concerns. Project director, Don Meyer, created the Sibshop® model and trains Sibshop facilitators throughout the world. This session, led by Meyer, will provide an extensive look at the challenges these brothers and sisters face. This full day seminar also includes an adult sibling panel, as well as interactive activities sure to spark new ideas.*

**PRECONFERENCE B: Cultivating Moral Resilience in Response to Moral Adversity** - Cynda Hylton Rushton PhD, RN, FAAN. *Dr. Rushton, Professor of Nursing and Pediatrics at Johns Hopkins University is a recognized leader in clinical ethics, whose work in moral distress and resilience has led to recognition as a Hastings Center Fellow. This interactive session will focus on the important role of developing moral resilience in health care professionals faced with the moral uncertainties and value laden decisions faced in pediatric palliative care settings.*

**PRECONFERENCE C: It's What You Say AND How You Say It.**

**Communication, Family Centered Care and Inter-professional**

**Collaboration** - Justin Baker MD, Tammy Kang MD, Melody Hellsten DNP, Jan Wheeler EdD. *This session will utilize content from the Education in Palliative and End of life Care (EPEC) project to increase skill in high quality communication and collaboration aimed at enhancing care planning and coordination for children and families with complex medical conditions across their trajectory of care. Interactive scenarios and debrief sessions will*

**12:30 - 2:00pm LUNCH BREAK** Options on site and nearby locations

**1:30 - 2:00pm REGISTRATION for Participants attending Afternoon Session Only**

**2:00 - 5:00pm AFTERNOON SESSIONS**

**PRECONFERENCE A Part 2\* A Panel of Siblings of People with Serious Illnesses and Special Healthcare Needs.** *This panel discussion, facilitated by Don Meyer, will provide insights and an intimate view into the lives of people who have siblings with special health care needs.*

**PRECONFERENCE A Part 3\* Models of Support for Siblings throughout the Lifespan** - *Don Meyer will introduce the Sibshop program model and discuss a variety of techniques and activities that engage siblings in playful experiences designed to provide encouragement and support for those living with a seriously ill or special needs child, as well as supportive opportunities for these "unsung heroes" throughout the lifespan.*

**PRECONFERENCE D: Navigating the Minefield: Developing Skills to Manage Conflict in Challenging Clinical Situations** - Autumn Fiester PhD *Conflict, both big and small, can arise in even the most cohesive of teams and families when caring for children with complex medical conditions. Often, these conflicts can lead to frustration, misunderstandings, poor communication, and dissatisfaction with care. Dr. Fiester is the Executive Director of the Penn Program in Clinical Conflict Management and a skilled trainer in the art of conflict resolution, and brings incredible energy, realism and humor to her training sessions. Join Dr. Fiester as she shares tools to navigate complex, emotionally charged conflicts with diverse stakeholders. Participants will gain practical skills in conflict resolution in this lively, interactive session.*

**PRECONFERENCE E: Life, Death and Birth: A Collaborative Journey** - Patricia Heale DNP, RNC-OB, Donna Beecroft MSN, RN, NE-BC, Brian Carter, MD FAAP. *Somatic survival to prolong fetal gestational age and promote fetal well-being when the mother has a Traumatic Brain Injury (TBI) is a rare occurrence, and one few clinicians have experienced. The objectives of this session are to provide participants with: The knowledge to be able to care for the mother with a TBI while prolonging gestation to ensure the best fetal outcome and basic ethics principles to resolve the dilemma of beneficence for the baby and non-maleficence for the mother.*

*Walk through this case with a meandering path that seems to have brought a measure of good to many people in need. However, at what cost? In collaboration with the interdisciplinary team from Children's Memorial Hermann, Dr. Brian Carter will facilitate this complex and thought provoking case. Dr. Carter will direct some of the ethical discourse around the words we use/speak/think in such matters and an analysis using varied approaches.*

**5:30 – 6:30pm WELCOME RECEPTION for Preconference and Conference Attendees.**

## COURSE OBJECTIVES

# You'll love our conference location!

## OUR CONFERENCE SITE

is just 25 minutes from Downtown Houston on the shores of Galveston Bay, you'll find the communities of League City, Clear Lake, Kemah, and Seabrook. Known for great seafood restaurants, sailing and other water activities, the Bay Area is often called the "Boating Capital of Texas." Visit the Kemah Boardwalk for amusement rides, shopping and waterfront dining. Head over to Space Center Houston to see NASA's Mission Control and learn what it's like to be an astronaut. Or experience the region's natural beauty on the trails at Armand Bayou Nature Center. The Clear Lake/Bay area has earned its reputation as a Houston hot spot.
